CGPA - 9.57 Currently(3rd Semester)

Spring Fields Public School, Jagadhri, Haryana - India
12th CBSE Board - 88%
10th CBSE Board - 9.4 CGPA

Skills

C++ FLUTTER PYTHON HTML/CSS

Projects

SkiEco - App made for Realtime interaction of Laptop with Mobile
Developed Cross Platform Mobile App using Flutter (For Mobile), Python(For Laptop) and Firebase which provides rich set of tools such as checking wheter laptop is running, system info, logging out and also allowed user to type on laptop using mobile with a very low latency.

VacciTracker - App for tracking Vaccine Status in Multiple Cities (at same time)
App made using Flutter which uses APIs provided by official cowin website to track the vaccine status. Cities to be searched were stored in the database thus saving time and it will show status of all the cities being stored collectively at the homescreen.

Achievements

- Awarded the Merit Scholarship for being in the top 10% of my class at Thapar Institute for the session 2020-21.
- Came 2nd in Coding Round Organized by the Creative Computer Society(CCS), Thapar University Patiala.
- Secured 96.6% percentile in JEE MAINS 2019.

Extra Curricular Activity

Uses Figma and AdobeXD for UI Designing.
